

AI Artwork Print Submission Agreement & Waiver

Company: The Shirt Shop (TSS)

Client Name: _____

Order/Invoice #: _____

Date: _____

1. Nature of AI-Generated Graphics

The Client acknowledges that graphics generated by Artificial Intelligence (AI) platforms (e.g., Midjourney, DALL-E, Bing Image Creator) often require specialized technical adjustments to be suitable for high-quality **Direct to Film (DTF) printing**. Common inherent traits of AI graphics include, but are not limited to:

- Low resolution, pixelation, and blurred edges when scaled to print size.
- Stray artifacts, "ghost" pixels, and unclean background removals.
- Inconsistent color formatting (RGB vs. CMYK shift).
- Micro-text or structural anomalies that do not translate well to physical ink.

2. Limitation of Liability & Waiver

TSS prints custom orders exactly as submitted by the Client.

- **No Adjustments:** TSS will not alter, upscale, or clean up submitted files unless an upgrade service is explicitly purchased.
- **Waiver of Responsibility:** TSS is **not responsible** for low-quality print results, blurry images, background haloing, or color inaccuracies resulting from poorly formatted, low-resolution, or un-optimized AI artwork.
- **No Refunds/Reprints:** No refunds, credits, or free reprints will be issued for print defects caused by the inherent quality limitations of the submitted AI file.

3. Optional Image Upgrade Service

To ensure the highest quality DTF transfer, TSS offers affordable **Image Upgrade Services**. If you are unsure about your file quality, we highly recommend selecting one of the options below before production begins:

Selection	Service Tier	Price
[]	Option A: High-Res Upscaling & Background Cleanup We will enhance your image resolution and	\$15

Selection	Service Tier	Price
	ensure crisp, clean edges for a flawless DTF press.	
[]	Option B: Full Vector Conversion We will rebuild the AI graphic into a high-quality vector file for perfect scaling, crisp details, and exact color matching.	\$40 - \$80
[]	Option C: Decline Upgrade Print the file "AS-IS." I accept all risks associated with low-quality artwork.	\$0.00

4. Client Authorization

By signing below, I acknowledge that I have read and understood this agreement. I accept full responsibility for the quality of the final print if I choose to proceed with un-optimized AI artwork.
